DIGILINK ®

DIGILINK E400 Information Outlet series includes high quality, state-of-the-art face plates for perfect and professional installations needed to provide fully compliant copper cabling systems. DIGILINK E400 information outlets have been engineered to ensure full featured end-to-end connectivity that surpasses Cat 5e requirements. The shutter front access for the cable prevents the entry of dust while the "PERFECT FIT" connector folder design helps easy snapping and removal of the keystone jacks. The cable tie anchor point provides highly effective strain relief for cables.
