Category 5e+ Smart Series Patch Panel

Schneider Electric
DIGILINK
DIGILINK Introduces the E400 Smart Series range of Patch Panels for termination of horizontal and backbone cabling. The design boasts of excellent cable management coupled with a robust construction delivering value for money to the customers. Front springed cable manager clips helps maintain cable discipline looks.

Product Features & Compliances

- Rear cable to provide strain relief and locking to the horizontal and backbone cables
- Springed front-end cable management to manage looks, performance and aesthetics of cords.
- Exceeds Cat 5e+ requirements of EIA/TIA.
- A new improved "rear slant" panel design to avoid kinks Caused while installing & crimping cables
- Clear label window for port identification.
- 6 port modular tray unit assembly.
- Cable clips made from Fire Retardant ABS plastic.
- ETL Verified
- ISO/IEC-11801
- ANSI/TIA/EIA-568-B Cat 5e
- ETA/TIA TSB 40 A
- RoHS Compliant

Specifications

Mechanical

Size: 482.6 x 44.2 (19" x 10")
Panel Material: Steel-fully powder coated
Unshielded RJ 45 (6 port jack module)
Mating cycles: 750
Spring Contact: Phosphor bronze 50μ" gold over 100μ" nickel plating

Electrical

Contact resistance: 20 mΩ (max) per contact
Voltage rating: 72 Vdc max
Dielectric strength: 1000 V rms for 1 minute min
Insulation resistance: 500mΩkm(min)@500Vdc
Current rating: 1.5A max
